Please accept this letter on behalf of **Oklahoma State University** in support of USA Cheer's effort to add STUNT as an NCAA emerging sport. USA Cheer's initiative to place STUNT on the emerging sport list is important as it provides additional opportunities for women to participate in intercollegiate athletics and derive the important benefits from sports.

We believe that if recognized as a sport, STUNT can help colleges and universities like ours provide a valuable opportunity to female students. With its 36-person roster, STUNT can also provide universities an effective way to expand female sport participation and improve compliance with Title IX.

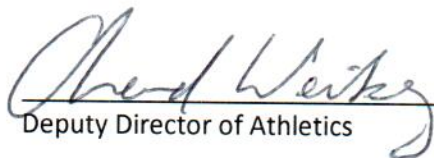

We fully support the efforts of USA Cheer to secure NCAA emerging sport status for STUNT and urge the Committee on Women's Athletics to approve their proposal for formal designation. If STUNT receives emerging sport status, we will pursue adding STUNT as a varsity sport at OSU.
