**TESTIMONIAL FROM COACH:** "I am excited for the opportunity to partake in this new and growing sport. Adding a STUNT program opens up many opportunities for female athletes to compete on a collegiate level and be recognized not only as a team but as individuals based on their athletic abilities. I believe by adding a STUNT program that SBU will see an increase in female student athletes and bring in a new and excited fan base dedicated to the sport."

**TESTIMONIAL FROM ATHLETIC DIRECTOR:** "STUNT is a fantastic opportunity for the Bearcats," said Pitts. "It will give many more student-athletes in our area a great opportunity to experience what SBU is all about. You will still see our Cheer Team at our sporting events, but now they will have an opportunity to join and compete with other incoming student-athletes in STUNT events. It will be exciting to watch our STUNT program compete and grow!"
