Please accept this letter on behalf of Tiffin University in support of USA Cheer's effort to add STUNT as an NCAA emerging sport. USA Cheer's initiative to place STUNT on the emerging sport list is important as it provides additional opportunities for women to participate in intercollegiate athletics and derive the important benefits from sports.

Tiffin University is committed to the continued development of its students as members of an institution of higher education in which each student athlete is recognized as an individual with a unique set of goals for success in life and in career. The University is committed to the belief that an athlete's success in life is contingent upon the athlete's commitment to the principles of honor on and off the field of play. The Athletic Department will promote a spirit of competition that concentrates upon the development of leadership skills, involvement and participation of non-athletic personnel in the support of intercollegiate competitive contests, and a sense of unity among all members of the Tiffin University Community.

We believe that the new sport of STUNT will help colleges and universities like ours provide a valuable sport offering that will significantly expand the number of female students and student-athletes on campus. With its 36-person roster, STUNT provides universities an effective way to expand female sports participation and improve compliance with Title IX.

We are committed to adding STUNT as a varsity sport at our institution Fall 2018. With a head coach in place, we are working on a roster of young women that are dedicated on and off the playing field. STUNT will run as a varsity sport and will be held to the standards that our institution has set in place for student athletes. We fully support the efforts of USA Cheer to secure NCAA emerging sport status for STUNT and urge the Committee on Women's Athletics to approve their proposal for formal designation.
