Indianapolis, IN 46206-6222

June 20, 2019

To whom it may concern,

This letter is on behalf of California STUNT Officials Association (CASOA), in support of requesting the NCAA Committee on Women's Athletics (CWA) to add STUNT as an emerging sport.

California has already adopted STUNT as a California Interscholastic Federation (CIF) sanctioned sport at the high school level. With over 100 participating high schools and over 1000 games scheduled in the 2019 season, we have seen huge potential and growth since we began in 2017 as an association. We anticipate another increase for the 2020 season as well.

Adding STUNT as an emerging sport at the collegiate level would open so many opportunities for these high school athletes to continue their higher education by giving them an avenue through STUNT the sport scholarships.

A large majority of CASOA officials are current or former collegiate STUNT athletes in California. It is a great way for these athletes to promote collegiate STUNT at the grassroots levels, giving STUNT an amazing opportunity to cultivate quicker than other sports.

If you have any questions or need additional information, please feel free to contact me. Thank you for your time and look forward to expanding STUNT.

Sincerely,

Annette Laron-Pickett
President
California STUNT Officials Association
